

APPLE TREE SERIES

# MR. GREEN™

Mr. Green™ is a uniquely bright, dry, and well-balanced single varietal cider that is deliciously tart. Made from Rhode Island Greenings, this refreshing cider drinks more like a coastal Italian white wine with wonderful minerality and complexity. The Greening is a well-known American heirloom apple that dates back to the 17th century - making it one of the oldest cultivated varieties in the world.

## OUR STORY

City Orchard was founded by the serendipitous meeting of three like-minded Houstonians - well one true Houstonian and two northerners who have made Houston their adopted city for over two decades. The objective is simple; create the best ciders from the best ingredients in a welcoming environment. With family-owned farms along the shores of Lake Ontario, City Orchard taps deep into the roots of Great Lakes Apple Country. We bring the heritage of our cider culture and orchards to our favorite city. We press carefully selected apples on the farm, truck the juice to Houston, and produce traditional ciders in an urban setting - we are an orchard in the city. A little unorthodox - but this is Texas. We manage the process from tree to glass. Real Apples, Real Cider.

## COLOR

White gold

## AROMA

Blooming aromas of white flowers and melon, exotic citrus and ripe mouth watering green apples with a lovely undercurrent of limestone and mineral crispness that blends and balances beautifully.

## TASTE

Captivating fruit at its peak, bursting with bright gloriously tart green apples and ever so thirst quenching lemon lime flavors in perfect harmony with nuances of succulent grapefruit and white melon. Elevated by an elegant fineness of bubbles and a rich exotic freshness. Rounded out by a pure yet complex stony sensation and a long citrus finish.

## PAIRING

Ceviche, Salade Niçoise, Manchego & Cured Meats, Duck Confit, Croque Monsieur, Baguette & Marinated Olives, Pan Roasted Half Chicken, Mussels, Pommes Frites
